

**Hooksett Sewer Commission**  
**June 1, 2010**  
**Minutes**

The meeting was called to order at 12:00 PM. Present were Chairman Sidney Baines, Commissioner Raymond Robb, Commissioner Roger Bergeron, Superintendent Bruce Kudrick and Bethany Hague.

**APPROVE & SIGN MINUTES FROM MAY 18, 2010**

Commissioner Bergeron made a motion to accept the May 18, 2010 meeting minutes as read. Commissioner Robb seconded. All in favor, motion carried unanimously.

**APPROVED AND SIGNED MANIFESTS**

**READ CORRESPONDENCE**

**FINANCIAL REPORT** - There was no report.

**SUPERINTENDENT'S REPORT**

**DOT/K-MART GENERATOR** – The state will give the Sewer Commission a right of way to get into the generator area from Route 3 once the road is re-done. The Sewer Commission still needs to get an easement from the owners of Hooksett Tool Rental for the area needed for the turnaround near the building, roughly 15 x 15 feet. The area will also have to be surveyed, and Supt. Kudrick will contact a surveyor for pricing. All expenses for the project will be picked by the state except for the taking out and disposing of the propane tank and the conversion of the piping to natural gas.

**ROUTE 3A PAVING** – Supt. Kudrick has been informed that the DOT will be paving 3A from the Manchester to Bow lines. Continental Paving has the contract, but will not be raising man-holes, the Towns themselves must do so. Seven (7) manholes in the road will need to be raised, and six (6) on the side of the road will need to have risers. Together the cost is roughly \$3472. Commissioner Bergeron made a motion to expend the money to raise the manholes on 3A, Commissioner Robb seconded. All in favor, motion carried unanimously.

**VIOLATIONS AT PLANT** – The Ph levels at the plant have been under the minimum of 6.5 due to nitrification. Because of the construction the plant has been running harder, causing this to occur. However, once one of the old aeration tank was removed and taken off line, the problem seemed to have fixed itself.
