- Chairman Sidney Baines asked why the numbers have dropped. Assistant Superintendent John Clark said it is due to switching tanks, the tanks have to be switched over a period of time.
- Ph was riding around 6.9
- EPA permit is still open for public comment-still waiting on this, This should be around 90 days. Chairman asked Superintendent Conaty if he has ever been through this before. Superintendent Conaty said he has 4 times. Chairman Sidney Baines asked how many times he has seen public comment. Superintendent Conaty said once.
- Rick Cantu came in to do the first two tests- 2 per month through September
- PAC shutoff to see the effects-aluminum dropped considerably 23mg/l to 23mg/l

Solar:

- Production looks good
- Assistant Superintendent John Clark went over the solar spreadsheet with the Commission (attachment 1).

Force main replacement/martins ferry pump station upgrades:

• Waiting on 2 out of the 7 requested easements

Dewatering Project:

- Screw Presses to be delivered by the end of December
- Superintendent Conaty is scheduled to speak at the asset management conference in October

TIF Project:

- Tri-Town pump station is under construction
- Electrician is almost done
- HVACs is started and almost completed
- Road patch, paving and driveway are complete
- Hydro seeding is done- mowed once already
- Waiting on VFD's
- The generator was installed

Other:

- Continued construction on 7 Martins Ferry Road
- Plans to put down gravel and install gates on lehoux Drive easement to prevent dumping.
- Plans to install gates on new pump station and cc easement.
- Continued construction at park place
- Golden Gate will be started as soon as Tri-Town is complete.
- Looking into a new lawn mower- zero Turn
